

Coach AI - Quick Demo Script & Reference Card

For Coaches Who Want to See It In Action

The 3-Minute Demo

Perfect for showing Coach AI to other coaches!

Demo Setup (30 seconds)

Before You Start:

- Open Coach AI in browser
- Have a team created
- At Coach Home page

What to Say:

"Let me show you how Coach AI helps me plan practices in under 3 minutes..."

Demo Flow (2.5 minutes)

Step 1: Show the Problem (15 sec)

"We've all been there - it's 5 PM, practice at 6 PM, and you haven't planned. Usually means scrambling through old notebooks or repeating drills. Watch this..."

Step 2: Generate Practice (45 sec)

Actions:

1. Click "Generate Practice"
2. Point out: "Duration defaults to 90 min - my usual"
3. Select "Balanced"
4. Explain: "Balanced = warmup, skills, games, cool down"
5. Point out: Players pre-filled from team profile
6. Click "Generate Practice"

Say: *"That's it! Duration, session type, generate. The app knows my team, my focus areas, what I've used recently."*

Step 3: Show Results (60 sec)

Point Out:

- Practice appears (1-2 seconds)
- Intensity curve: "Builds up then down"
- Drill list: "6 drills, perfectly timed"
- Scroll to first drill: "Description, coaching points, equipment"

Actions:

- Click "Details" on one drill
- Show tags, recency label

Say: *"Every drill has what I need. See 'Fresh' label? Tracks usage and avoids recent drills automatically."*

Step 4: Show Flexibility (30 sec)

Actions:

- Click "Swap" on one drill
- New drill appears instantly

Say: *"Don't like it? Click swap. But first generation is usually perfect because it knows my team's focus areas."*

Point Out:

- Show tags: "Matched focus tag: First touch"

Step 5: Save & Export (15 sec)

Actions:

- Scroll to bottom
- Show buttons: Save, Download HTML, Download PDF

Say: *"Save, download, print - done. From 'need a practice' to walking out: 3 minutes."*

Closing (15 sec)

"That's 3 minutes instead of 30. Plan last-minute or ahead. App learns your team. Want to try?"

Practice Planning Schedule

Recommended:

Day	Action	Time
Sunday	Plan week	10 min
Before practice	Review	2 min
After practice	Note what worked	1 min
After match	Update focus	2 min
Monthly	Review history	10 min

Total: ~20 min/week

vs. Traditional: ~60 min/week

Savings: 40 min/week = 32 hrs/season!

Demo Talking Points

Opening Hooks

Option 1: Time Saver

"How long to plan practice? 30 min? An hour? What if I told you 3 minutes for professional plans?"

Option 2: Last-Minute

"Ever forgot to plan and had to wing it? Never again. Watch..."

Option 3: Variety

"Use same drills over and over? Coach AI tracks usage and keeps it fresh automatically."

Key Features

1. **Speed** - "3 minutes start to printable plan"
2. **Intelligence** - "Learns your team's focus"
3. **Quality** - "Professional practice plans"
4. **Flexibility** - "Don't like it? Swap instantly"
5. **Organization** - "Tracks history automatically"

Handling Objections

"I like planning my own"

"You still have control! This saves 30 min of admin. Swap, reorder, customize - or use as starting point."

"My team is unique"

"That's why you fill out team profile! Formation, play style, focus areas - adapts to YOUR team."

"Seems complicated"

"Watch: Duration, session type, generate. That's it. 3 clicks."

"No internet at field?"

"Print before you leave or download PDF. Works offline."

Closing Strong

Trial Close:

"Want to try one practice now? I'll walk you through."

Pain Point:

"Remember last time you scrambled last-minute? This solves that forever."

Time Value:

"2 practices/week $\times$ 30 min = 1 hr/week saved. That's 40+ hrs/season. What would you do with 40 extra hours?"
