From Zero to First Practice in 5 Minutes 🌐

Version 1.0 - Day 1 Draft

Created: January 24, 2026

Status: Content Complete - Awaiting Screenshots & Design

BEFORE YOU BEGIN

You'll Need:

-  Web browser (Chrome, Firefox, or Edge recommended)
-  Email address
-  5 minutes of uninterrupted time

What You'll Accomplish: By the end of this guide, you'll have a complete, professional 90-minute practice plan ready to print and use with your team.

STEP 1: CREATE YOUR ACCOUNT (30 seconds)

1.1 Open your web browser and go to:

www.coachAI.app (or your deployment URL)

[SCREENSHOT 1 LOCATION]

File: [screenshot-01-login-page.png](#)

What to show: Full login/signup page

Annotations needed:

- Arrow pointing to "Sign Up Free" button
- Circle highlighting email and password fields

Size: Full width, ~400px height

1.2 Click the "Sign Up Free" button

1.3 Fill in the form:

- **Email:** Your email address (you'll need to verify this)
- **Password:** Create a secure password (8+ characters)
- **Confirm Password:** Re-type your password

1.4 Click "Create Account"

1.5 Check your email inbox for a verification email

- Look for an email from `noreply@coachAI.app`
- Subject: "Verify Your Coach AI Account"
- **Check your spam folder** if you don't see it within 2 minutes

1.6 Click the verification link in the email

1.7 You'll be redirected to Coach AI and automatically logged in

 **You're in!** You should now see the Coach Home page.

STEP 2: CREATE YOUR TEAM (2 minutes)

[SCREENSHOT 2 LOCATION]

What to show: Coach Home page with "Create Team" button visible

Annotations needed:

- Large arrow pointing to "Create Team" button
- Highlight the welcome message

Size: Full width, ~300px height

2.1 On the Coach Home page, click the large "Create Team" button

2.2 Fill out the Team Profile form:

Field	What to Enter	Example
Team Name	Your team's name	"U12 Eagles"
Age Group	Select from dropdown	U12
Skill Level	Beginner, Intermediate, or Advanced	Intermediate
Roster Size	Number of players on your team	14

[SCREENSHOT 3 LOCATION]

File: `screenshot-03-create-team-form.png`

What to show: Create Team form with all fields filled out (using example data above)

Annotations needed:

- Number each field (1-4)
- Arrow pointing to "Save Team" button at bottom

Size: Full width, ~500px height

2.3 Click "Save Team" at the bottom of the form

✓ **Team Created!** You'll see a success message and your team will appear in the sidebar.

💡 **Pro Tip:** You can always edit your team details later from the Team Hub page. For now, the basics are enough to generate great practices!

STEP 3: GENERATE YOUR FIRST PRACTICE (2 minutes)

3.1 Click "🏀 Generate Practice" in the sidebar

(It's the big button with a soccer ball icon)

[SCREENSHOT 4 LOCATION]

What to show: Practice Generator page with settings configured as shown below

Annotations needed:

- Number each setting area (1-4)
- Highlight the "Generate Practice" button in green

Size: Full width, ~600px height

3.3 Configure your practice (or use the smart defaults):

① Date

- Default: Today's date
- You can change this to plan ahead

② Duration

- Use the slider or click preset buttons
- **Select: 90 minutes** ← Most common practice length
- Options: 60, 75, 90, or 120 minutes

③ Number of Players

- **Pre-filled from your team!** (14 in our example)
- This ensures drills are sized correctly

④ Session Type

- Select **Balanced** ← Best for regular practice days
- Other options:
 - ○ Technical Focus (skill development)
 - ○ Game Prep (before matches)
 - ○ Fitness (conditioning focus)

3.4 Click the big green "Generate Practice" button

 **Wait 1-2 seconds...** The AI is selecting the perfect drills for your team!

STEP 4: REVIEW & SAVE YOUR PRACTICE (1 minute)

 **Success!** Your practice plan is ready!

[SCREENSHOT 6 LOCATION]

File: screenshot-06-generated-practice-full.png

What to show: Complete generated practice with all sections visible (scroll capture if needed)

Annotations needed:

- Label each section: "Practice Header", "Intensity Curve", "Drill List", "Action Buttons"
- Highlight the timing for each drill

Size: Full width, ~800px height (may need scroll)

4.1 Review what was generated:

You'll see several sections:

Practice Overview

- Date, duration, session type

- Total number of drills
- Team information

Intensity Curve

- Visual graph showing how practice intensity builds and decreases
- Proper practices warm up, peak in middle, cool down at end

 **Drill Breakdown** Scroll down to see your complete practice with 5-6 drills:

-  **Warmup** (10 min) - Gets players ready
-  **Technical Drill 1** (20 min) - Skill development
-  **Technical Drill 2** (20 min) - More skill work
-  **Small-Sided Game** (30 min) - Game-like practice
-  **Cool Down** (10 min) - Recovery and stretching

4.2 Click on any drill card to expand it and see:

- Full description
- Setup instructions
- Coaching points
- Equipment needed
- Player organization

[SCREENSHOT 7 LOCATION]

- View on phone/tablet at practice
- Can print from browser (Ctrl+P / Cmd+P)

Option 3: Keep It Digital

- Leave it saved in your account
- Access from Practice History anytime
- View on phone during practice

 **Recommended:** Download PDF and keep a printed copy in your coaching bag!

CONGRATULATIONS! YOU'RE READY TO COACH!

You've just created your first professional practice plan in **under 5 minutes!**

WHAT YOU JUST CREATED

Your practice includes everything you need:

[SCREENSHOT 9 LOCATION]

File: screenshot-09-sample-practice-preview.png

What to show: A zoomed out view of a complete practice plan (can be same as screenshot 6 but formatted differently)

Annotations needed:

- Callout boxes pointing to key sections
- "This is a complete 90-minute session ready to use!"

Size: Full width, ~600px height

- ✔ **Complete drill sequence** (5-6 activities)
- ✔ **Exact timing** for each drill (never run over time)
- ✔ **Setup diagrams** (know how to organize players)
- ✔ **Coaching points** (what to emphasize)
- ✔ **Equipment lists** (grab what you need)
- ✔ **Age-appropriate drills** (perfect for your team)

Compared to Traditional Planning:

Method	Time Required	Quality
Manual Planning	30-60 minutes	Varies
Coach AI	3 minutes	Professional ✔

You just saved 27-57 minutes! 🎯

Imagine doing this for every practice:

- 2 practices/week × 16 week season = 32 practices
- 32 practices × 30 min saved = 16 hours saved per season!

🚀 **NEXT STEPS**

Now that you've created your first practice, here's what to explore:

✔ **Immediate Actions (Recommended)**

❑ **1. Complete Your Team Profile** (5 minutes)

Add focus areas like "First touch" or "Quick passing" so the AI prioritizes relevant drills.

- Navigate to: **Team Hub** → **Edit Team Profile**

- Add 3-5 focus areas your team needs to work on
- Save and generate your next practice to see the difference!

□ 2. Browse the Drill Library (10 minutes)

Explore all available drills and star your favorites.

- Navigate to: 🏀 **Drills** in sidebar (Advanced Mode)
- Use filters to find drills by category, intensity, or age
- Click ⭐ to star drills you love
- Starred drills will appear more often in your practices

□ 3. Explore Practice History (2 minutes)

See all your saved practices and learn the "Reuse" shortcut.

- Navigate to: 📅 **History** in sidebar
- Click on any past practice to view details
- Try the "**Reuse**" button → generates same drills with new date
- **This is the fastest way to plan:** 1 minute total! 🔥

📺 Learn More

□ Watch the 3-Minute Video Tour

See Coach AI in action: www.coachAI.app/tutorials

□ Complete the Onboarding Checklist

Visible in sidebar → 6 tasks to master the basics

□ Upgrade to Advanced Mode (Optional)

Unlock drill library, team profiles, and more features.

- Click **Experience Level** dropdown in sidebar
- Select "Advanced" or "Expert"
- See what new features unlock!
