Tips & Best Practices

Planning Strategy

Weekly Rhythm:

- Monday/Sunday: Plan Tuesday practice
- After matches: Note what needs work
- Monthly: Review history for variety

Time Savings:

- 2 practices/week $\times$ 10 min = 20 min/week
- vs. Coach AI: 2×3 min = 6 min/week
- **Savings: 14 min/week = 12 hours/season!**

Focus Areas Strategy

How Many:

- 3-5 focus areas = Perfect balance
- Update monthly or after tournaments

What to Choose:

- Match weaknesses from games
- Season goals
- Age-appropriate skills

Session Type Guide

When to Use:

- **Balanced:** Regular practice, most common
- **Technical Focus:** Skills development, early season
- **Game Prep:** 1-2 days before match

? Frequently Asked Questions

Q: Do I need to fill out the entire team profile?

A: No! Basic info is enough to start. Add details for better suggestions.

Q: Can I use the same drills in consecutive practices?

A: Yes, but Coach AI avoids drills from last 7 days by default (keeps it fresh).

Q: How do I upgrade from Essential to Advanced?

A: Sidebar → Experience Level dropdown → Select Advanced or Expert.

Q: How many drills for a 90-minute practice?

A: Typically 5-6 drills (Warmup 10min + Technical 20-30min + Games 30-40min + Cool Down 10min).

Q: What's the best session type for pre-match?

A: "Game Prep" 1-2 days before match (tactical work + match simulation).

Q: Can I share practices with assistant coaches?

A: Yes! Download HTML/PDF and email the file.
